

Ride Mentors

Ride Mentors are experienced Ride Directors and Coordinators who have volunteered to assist other BAC members in planning and organizing a tour. This assistance can be as simple as answering a few questions or as involved as cooperating in planning the tour. We are all volunteers and help each other as much as our knowledge, experience, time and interest dictate.

If you are considering leading a ride and would like a mentor, review the mentors on the list below and their experience. Select a member from the list based on how you feel their experience meets your requirements. Then contact them and let them know what kind of help you are seeking. You can find the mentor's email address and phone number on the BAC website using the Member Search feature. If the person you select is too busy to help, try another.

If you want to take advantage of the mentor program, contact a mentor early in your planning process - the sooner, the better. Getting advice early could prevent you from making mistakes and may make your planning easier.

Experienced BAC Ride Directors and Coordinators who are not on this list and would like to become a mentor should contact one of the BAC Board members or Tours Reviewers.

Mentor names, home towns, and type of rides they've led:

- A – Directed a domestic ride
- B – Directed an international ride
- C – Coordinated an international ride with a commercial company.
